COMMENTS/HISTORICAL INFORMATION:

Located on the south side of State Route 8, this property is a slightly asymmetrical 1.5 story, three-bay frame house with a full-width front porch supported by replacement metal posts, and resting on a rusticated block foundation. The property has both single and paired 1/1 double-hung wood sash windows, which appear to be original, and are covered by storms. The half-lite wooden front door also appears to be original and is covered by a storm door. The property has been entirely clad in beveled lap vinyl siding.

A frame two-car garage/ carriage house is located behind the house, and just slightly to the west. On the upper level, the carriage house has 6/6 double-hung sash windows.
